Introduction

I am pleased to submit my report as NTTC to the 2026 ICCF Congress.

At the beginning I would like to thank all chess friends, TO and TD that runs "their" tournaments smoothly and all TO's and TD's for their continuing hard work & dedication.

A big "thank you" for their support and help also goes to all ICCF officers who are in continuous contact with me and especially to the WTD Uwe Staroske, the Entry Commissioner Tom Biedermann, the Rules Director Dennis Doren and the Services Director Austin Lockwood.

Warsaw, 19.11.2025

Final Report

1. Tournament name: **CL/2024/A, Champions League 2024 A**
2. Tournament timeframe: Start date: 25.02.2024; End date: 07.11.2025
3. Transmission: ICCF server
4. Tournament organizer: ICCF
5. The aim of the competition: to determine the best team in the Champions League
6. Tournament system (number of games): round robin (14 games)
7. Rate of play: Triple Block system for a 700-day event, 3-day guaranteed reflection time applies after move 50.
8. Sports results and their evaluation:

The results are presented in the table below, which is also available on the ICCF website

(<https://www.iccf.com/event?id=104951>).

The order of places taken by the teams was determined as follows:

- Score - the sum of points scored by all team players,
- TTB1 = team result - total match points (2 points for a win, 1 point for a draw, 0 points for a loss),
- TTB2 = the results of the tied teams against each other,
- TTB3 = the better individual result on board1 (following board 2, 3, etc.).
- TTB4 = the team with the lowest average rating on the commencement of play.

The order of places of players on the chessboard who obtained the same number of points was determined according to standard ICCF criteria:

- TB1 = number of wins by each tied player in the tournament,
- TB2 = the points evaluation by the Sonneborn-Berger-System,
- TB3 = the results of the tied players against each other.

Champions League 11

Registrations for the Champions League have fallen short of expectations.

In Division A, only 11 teams have registered, and no team with an Elo rating of 2500+ has applied to participate.

In Division B, 10 teams did not register. In addition, 6 teams (Elo 2400+) have requested direct entry, but indicated that they will not participate unless admitted.

In Division C, only 63 teams have registered.

The decision taken was, after promotions and relegations, to admit in Division A the highest-rated teams (15 teams totally) increasing the average rating.

For Division B were admitted playing all the Teams with the highest rating to have 52 Teams (4x13 groups)

All the remaining Teams played in Division C.

- Competition starts on 15 May 2026 / 15 June 2026
- Divisions: A (15 teams), B (52 teams, 4 groups), C (52 teams, 4 groups).
- Total teams: 119.

ICCF Platinum Jubilee Events

The International Correspondence Chess Federation (ICCF) is the worldwide governing body for correspondence chess. It was founded in 1951 as the successor to the International Correspondence Chess Association (ICCA), established in 1945, which in turn succeeded the Internationaler Fernschachbund (IFSB), founded in 1928.

To celebrate the ICCF Platinum Jubilee, the Executive Board (EB), continuing the tradition established for the 50th and 60th anniversaries, organised a series of commemorative events. All of these events have now been completed. A summary is provided below:

1. **Special Jubilee tournaments for world champions, elite players, Chess 960 elite players, ICCF officials and postal players — start date: 15 March 2021; duration: approximately two to four years; 198 participants in total.**
 - A combined tournament for world champions and elite players (70th ICCF Jubilee World Champions, Elite A & B), comprising one category 15 section with 15 players, finished on 31 December 2023. Further details are included in the report. One player was excluded from the event and the remaining games were forfeited; another withdrew by resigning all remaining games. These circumstances had a significant impact on the final standings. Winner: Vladimir Perevertkin.
 - A tournament for elite players (70th ICCF Jubilee World Elite, Section C), comprising one category 13 section with 20 players, finished on 18 July 2022. Further details are included in the report. One player was withdrawn from the event, which affected the final standings. Winner: Daniel M. Fleetwood.
 - The Chess 960 tournament for elite players (70th ICCF Jubilee Chess 960 World Elite), comprising one section with 12 players, finished on 17 July 2022. Further details are included in the report. Two players were withdrawn shortly after the tournament began. As they had not started play, their games were cancelled and the final standings were not affected. Winner: Evgeny Filin.
 - The tournaments for ICCF officials comprised six sections, up to category 10, with 106 players in total. All sections were completed. In Section A1, one game lost on time affected the final standings.
 - The events for postal players comprised four sections, up to category 7, with 45 players in total. All sections were completed. Several games were lost on time by a small number of players, and some of these results affected the final standings. Following the event end date of 15 January 2025, one remaining game was adjudicated.
2. **Jubilee World Cups in standard chess and Chess 960 — separate from the regular ICCF competition programme and conducted using the Silli system in two stages (preliminaries and final) over a four-year period, with special qualification provisions. Start date: 15 February 2021; 684 participants in total.**
 - **70th ICCF Jubilee World Cup**
 - The preliminary stage comprised 10 sections with 610 players and was played from 15 February 2021 to 15 August 2022. The top 10 players from each preliminary section qualified for the Jubilee World Cup Final, subject to tie-break criteria. All former World Correspondence Chess Champions and holders of the ICCF Grandmaster title with at least five GM norms were entitled to enter the final stage

directly and free of charge. Special invitations were also extended to the winners of the ICCF Golden Jubilee Final tournaments (the “ICCF 50 Jubilee Email Final” and the “ICCF 50 Jubilee Postal Final”), as well as the winners of the Diamond Jubilee World Cup 18 (webserver) and Diamond Jubilee World Cup 19 (postal), thereby linking the ICCF’s 50th, 60th and 70th anniversaries. These players were likewise entitled to enter the final stage directly and free of charge.

- The 70th ICCF Jubilee World Cup Final, with 92 participants playing 14 games each under the Silli system, started on 15 November 2022 and finished on 16 January 2025. Winner: Matthew W. Bailey.
- **70th ICCF Jubilee Chess 960 World Cup**
 - The preliminary stage comprised two sections with 74 players and was played from 15 February 2021 to 19 June 2022. The top four players from each section, together with the winner of the Diamond Jubilee Chess 960 World Cup, qualified for the 70th ICCF Jubilee Chess 960 World Cup Final.
 - The 70th ICCF Jubilee Chess 960 World Cup Final comprised seven players, each playing 12 games. It started on 15 August 2022. The official end date was 15 January 2025, but the Tournament Director allowed the one remaining game to continue. The event was completed on 9 June 2026. Winner: Iurii Koshmak. Six games were lost on time, one of them following a serious blunder, and these results affected the final standings.
 - The cash prizes for the final have already been distributed.
 - Commemorative medals and certificates will also be awarded to the top three players in the final, subject to tie-break criteria. They will be produced and presented at the 2027 ICCF Congress.

In summary, all events in the ICCF Platinum Jubilee series were completed between 15 February 2021 and 9 June 2026.
